OCTOBER 2014

COLLEGE RECEIVES \$4.4 MILLION JOB TRAINING GRANT

WNC was selected as Nevada's lead community college in the nationwide \$450 million job-driven training grants, as part of the Trade Adjustment Assistance Community College and Career Training program. The grant will enable the college to offer students more opportunities to meet the skilled labor demands of today's business. WNC will improve the machine tool, welding and healthcare offerings, as well as enhance the services provided through the Veterans Resource Center.

NURSING STUDENTS COMPLETE HONDURAS MISSION

Five Western nursing students and nursing instructor Elizabeth Cordero recently experienced a medical mission in villages surrounding Yoro, Honduras, that expanded their perspectives of medicine and gave them confidence to diagnose and treat patients with ailments they might not come across in the United States.
